

# Crawl Low & Go, Go, Go!

## 6 things to remember

1. Crawl low and go, go, go with your arms straight and elbows locked.
2. Call out as you crawl out, and shout 'Fire, Fire!'.
3. Feel doors with the back of your hand to check if they are hot before opening.
4. Close doors behind you to help slow the spread of fire and smoke.
5. Get out and stay out!
6. Go straight to your safe meeting place and call Triple Zero (000).
